

E-EFX III™

Electronic Digital Sound Effects Library

Using TELE-TRAX™

Each disc in the MAX-EFX and E-EFX libraries has its own 5 digit TELE-TRAX™ code. The first 3 digits designate the disc itself while the last 2 digits identifies an individual track. To listen to a track on E-EFX III, for example, punch in "198" for the disc followed by the track number shown below (do not use index numbers). Remember Tracks 1-9 on any disc require a "0" (e.g. Track 9 is punched "09").
